*Home Renovation & Furnishing Expo*

SANTA ANA STAR CENTER

**\*\*\*VERY IMPORTANT NEWS\*\*\***

---

**The February 4-5, 2012 show has been postponed due to circumstances beyond our control and has been rescheduled for January 19 & 20, 2013 at Expo New Mexico (fairgrounds).**

**Due to the current poor economy, lack of exhibitor support, booth cancellations and the strict policies of the Santa Ana Star Center, staging a successful event this coming February would be very risky for all parties involved, including exhibitors.**

**Consumer show industry experts are forecasting 2012 to be a worse year than 2011. Interact Productions is very sorry for any inconvenience that this will cause, but feel it is clearly in the best interest of all to postpone the show for 11 months in the hope economic circumstances will be better at the later time. All deposits (monies) collected to date will be transferred to the rescheduled show, per contractual agreement.**

**Please contact me directly with any questions.**
